WE UNDERSTAND YOU'RE BUSY

You've a million and one things on your plate so thinking about your energy provider might not be your top priority.

So here's a handy, at-a-glance guide to ways in which we can help you as a Bord Gáis Energy customer, from reducing your bills to growing your business.

We have over 30 years experience supporting the energy needs of Ireland's businesses. We work closely with our dedicated Trading Team in Cork to ensure that we buy energy in the most effective way so that we can offer the best value possible. It's one of many ways we try to help.

We also publish our monthly Energy Index that is full of useful information and trends within energy markets. To find out more visit bgebusinesshub.ie/energyindex/

AT-A-GLANCE OPTIONS

We understand controlling your energy costs is vital to running your business effectively. Energy bills for business customers are calculated using both energy and non-energy charges and we have a range of options to suit your circumstances and business size. Our team is always on hand to make sure your plan is right for you and your business.

Our Fully-Fixed Gas and Electricity Plan

fixes all rates and charges for up to 15 months.

Our Fixed Energy Plan

provides up to two years of fixed energy rates while still allowing you to avail of variable rates on non-energy.

Our Standard Variable Rate Plan

has no minimum term contract, plus the option to contract the standard variable rate for up to 2 years to get an even better deal.

RATE CHECKER

We promise to take care of you once your fixed term contract has expired. In fact, we'll call you beforehand to make sure you remain on the best rate possible.

YOUR PARTNER IN ENERGY EFFICIENCY

We help companies of all sizes save money. Through our energy efficiency fund we can provide a financial contribution towards the capital cost of your energy efficiency project. For every kWh you save, we will provide an additional financial contribution towards your project. So the more you save the more you get back from Bord Gáis Energy.

And now get even more value with our Energy Efficiency partners:

Light as a service from UrbanVolt

We are delighted to partner with UrbanVolt, bringing innovative technology to the workplace that saves you money on business energy costs.

They invest in the full cost of an LED lighting retrofit, so there's no upfront cost to you and the service is paid for through the savings you make.

A KNOWLEDGE HUB FOR BUSINESS CUSTOMERS

As a Bord Gáis Energy customer, you have access to a suite of resources developed exclusively for businesses with our dedicated **Business Hub**. Here you'll find news specifically curated for all types of businesses and details on how to save your business money. See bgebusinesshub.ie

Access our **calendar of events** such as conferences addressing business challenges, and talks from a diverse range of people who are leaders in their field; from Roy Keane to tweak.com CEO, Gerry Kennelly.

All of our business customers get free admission to the Small Firms Association Business Bytes seminars. You'll find the full calendar of events on the business hub should you wish to attend.

Our quarterly **'At Work'** publication keeps you up to date on new developments. As well as some great reads and helpful content, you'll also get a chance to enter some great competitions.
